

**Amendments to the Drawings:**

The attached sheet of drawings includes changes to Fig. 4. This sheet (4/14), which includes Fig. 4, replaces the original sheet including Fig. 4. In Figure 4, reference number 88, which also identifies recess 88 in Figure 8, was replaced with a new reference number 89, so as to avoid this duplication.

Attachment: Replacement Sheet  
Annotated Sheet Showing Changes

## **REMARKS/ARGUMENTS**

After the foregoing amendment, claims 17-40 are pending in the present application. Claims 1-16 were cancelled and new claims 17-40 were added. No new matter was added.

### **Amendments to the Specification**

By this Second Preliminary Amendment, the specification has been amended to insert a cross-reference to the parent International application and to add appropriate section headings. In addition, the references to the claims in the Summary section have been replaced with the text of the original claims and typographical errors in the detailed description have been corrected, as well as additional reference numbers have been introduced, in order to improve the clarity of the description.

Furthermore, Paragraph [0048] has been amended to reflect the addition of a new reference numeral "89" as a hinge connection, this reference numeral being added to Figure 4 by the present amendment. Previously, reference numeral "88" was used to both identify which the hinge connection in Figure 4 and a recess in Figure 8, such that this duplicate use of reference numerals has been eliminated. No new matter has been added.

### **Claim Amendments**

New claims 17-40 are submitted herewith for examination and replace original claims 1-16, which have been cancelled without prejudice to pursuing at a later time. No new matter was added.

Support for the new claims in the original description and claims is identified as follows:

- Claim 17: Original claim 1
- Claim 18: Original claim 2
- Claim 19: Original claim 3
- Claims 20, 23 and 35: Original claim 4
- Claims 21, 24 and 36: Original claim 5
- Claims 22 and 25: Original claim 6
- Claim 26: Original claim 8
- Claim 27: Original claim 9
- Claim 28: Original claim 10 and paragraphs [0038] and [0041]
- Claim 29: Original claim 11
- Claim 30: Original claim 12 and paragraphs [0038], [0041] and [0048] and Fig. 7
- Claim 31 and 37: Original claim 13

Claim 32 and 38: Original claim 14

Claim 33 and 39: Original claim 15

Claim 34 and 40: Original claim 16

Additional support is provided by the specification and figures and can be identified, if necessary.

#### Drawing Amendments

Figure 4 has been corrected by replacing "88" with --89-- in order to avoid a duplicate use of a reference number, as discussed above. Specifically, reference number 88 was used in Figure 4 to identify a hinge connection and is also used in Fig. 8 to identify a recess.

#### Conclusion

Therefore, it is respectfully submitted that all claims pending in the present Application are in condition for allowance. Allowance of the pending claims is therefore respectfully requested.

If the Examiner believes an interview, either telephonic or in person, will advance the prosecution of this matter, it is respectfully requested that the Examiner contact the undersigned at the Examiner's convenience.

Respectfully submitted,

Winfried Bunsmann et al.
